ABOUT US

The Rajendra Group was started in year of 1969 by Members of Depani Family Mr. Jamanbhai Patel and Mr. Vajubhai Patel, with Rajendra Traders (Talala Gir) as a singular unit. Then onwards Mr. Manish Patel joined the family business in the year of 2001 and expand the business with start of Rajendra Cold Storage, Rajendra Agro Storage (2006), Rajendra Industries (Sortex Division 2007 and Polymer Division - 2008 PVC Division - 2011). Rajendra Group is situated at GIDC, Lodhika (Metoda), Dist. Rajkot (Gujarat, India). Rajendra Group prides itself on evolving with the industries. The Group has a glittering present & a sparkling future.

Rajendra Group has a significant presence in the industry as it has made an optimum use of its resources by applying aggressive marketing strategies. We strive to constantly push ourselves beyond the benchmarks to redefine our own quality. To achieve the desired objectives we regularly invest in advanced technologies and compatible human resources thus creating its brand equity.

We are expecting to penetrate other markets with our High Quality Products and outstanding services. Rajendra Group enjoys the leadership in its business, being the leading service provider and manufacturer with tremendous growth.

Rajendra Group believes in bringing the best product and best business practices to cater to the existing clientele. We are one of the foremost and leading groups of manufacturers and service provider in Gujarat. Our expertise is reflected in the fact that we have an established clientele with us since our commencement which has a history of 25 years and we constantly strive to get in touch with prospective clients to enhance our network field.

OUR STRENGTH

At Rajendra Industries, we strongly believe that winning is never a one-man show. It is always the team that wins. And we take pride in giving credit for our triumphs to the entire staff and the associates who closely work with us, sharing the same goals. Within Rajendra Industries, a professionally qualified & dedicated team of experts, at each level of the hierarchy, performs in tandem to deliver results that amaze.

The diverse and efficient skill sets of each member are channelized in the same direction to ensure the smallest of work meets the greatest of perfection. From time to time, we also send our employees & technical staff to seminars, workshop & training institutes to keep them upgraded with the latest know how.

QUALITY POLICY

We are committed to supplying quality products meeting or exceeding our customers' expectations and achieving our objectives of being a preferred supplier. We believe quality consists of products provided on time and in conformance with customer requirements.

We believe in effective product definition with our customers, 'Doing it right the first time during product realization and continuous improvements in Products, Processes and Systems'.

ADVANTAGES

- Hot and cold water plumbing system made from Kaizen® CPVC Pipes and fittings withstand high temperatures, Kaizen® CPVC Pipe system are resistant to many everyday household chemicals.
- Kaizen® CPVC Piping are Materials provide long, Maintenance free service life due to corrosion resistance.
- Kaizen® CPVC Pipe are available in two pressure classes SDR 11 and SDR 13.5 CPVC Materials do not support combustion, Therefore they cannot burn without external fuel source.
- Kaizen® CPVC Piping system can handle most of the temperature/Pressure requirments to today's typical process plant.
- Kaizen® CPVC Pipes and fitting are easy to install using solvent cement.
- Kaizen® CPVC Piping system is economical and long lasting.
- Kaizen® CPVC Pipes and fitting are produced using clean, energy efficient processes; They are light weight and having low friction. Thus, such system save energy in manufacturing, transportation, installation & during usage.
